In response to your request, we are sending to you under separate cover our New Catalog which has just come off the press. We trust you will find it of interest.

EPIPHONE instruments, both the acoustic and electronic, embody the very latest improvements known to the art of fine instrument building today. The new EPIPHONE Guitars are brighter and richer toned and easier to play than ever. The new ELECTAR Outfits have every professional feature desired. Everything possible has been done to make these the best sounding Outfits you have ever seen or heard.

Some of the instruments shown in the catalog, especially those in which there is a preponderance of metals or other strategic materials, are not available for the duration of the war. These include the VARICHORD. It is hoped that we will soon be successful in attaining a victory over our enemies, making life safe for liberty and the pursuit of happiness.

Should you be interested in purchasing any EPIPHONE instruments, we refer you to your local dealer. If you are unable to obtain your needs in our line thru him we shall be glad to sell you direct, on cash-with-order or c.o.d.-with-deposit basis.

Thanking you for your inquiry and trusting we shall have the pleasure of serving you in the near future, we are

Very truly yours,

EPIPHONE, INC.
